

Some of the 2011 Ministry Milestones  
made possible by unrestricted contributions  
and *Now is the Time* campaign donors

### Focused Vision and Strategic Plan

*To raise up generations who inspire hope by walking with and serving in the worldwide church.*

The LPGM Board of Directors has nearly doubled in size. We are enlisting the energy, knowledge and experience of even more people through liaison and honorary members and committees.

Two immediate goals:

- Sponsor all the students in Project Education India.  
*About 200 students are praying for a sponsor*
- Refine LPGM's travel ministry to ensure participants have a transformational experience that continues to feed and inspire them long after they return.

### Increased Staff Capacity for Outreach, Administration and Implementation

- ☑ Updated policies and procedures, continuing to meet the accountability standards of the Charities Review Council
- ☑ Secure online giving for donors who prefer this quick & easy option
- ☑ More projects between partners
- ☑ Constant development of LPGM website
- ☑ Stronger presence on Facebook
- ☑ New congregations have personal global ministry connections
- ☑ Regular newsletters and e-news updates
- ☑ Databases for accurate and reliable financial accounting and donor information
- ☑ Improved communications between sponsors and the students they sponsor

**You may not think that your gift is large enough to make a difference, but when added to the generosity of others, your contribution to the LPGM general fund makes things happen around the world!**
